

Our top priority is the safety and the well-being of our guests and team members each day. We also recognize and understand that our valued guests have concerns about the coronavirus, therefore, we are updating you on everything that we are doing to provide a safe environment for you and our team members.

We are closely monitoring the latest developments and following the guidance from the US Centers for Disease Control and Prevention (CDC) and state and local officials. We are taking several internal measures to help you feel confident about your health and visit. We have increased our cleaning and sanitation efforts on all touch points in the arcade and attractions. We are also providing anti-bacterial soap in all restrooms, have made hand sanitizers available, and have specific hand wash instructions in our restrooms.

In addition to these actions, we have increased hygiene instructions to our team members and are strongly encouraging guests to practice good hygiene with frequent hand washing. Employees who are ill or suspect an illness are asked to stay home. If anyone becomes ill while at work, we will immediately relieve them of duties and ask them to seek medical attention.

We remain vigilant and committed to providing you all with a clean, friendly, and safe experience.

For additional information about COVID-19, please read the latest report from the Centers for Disease Control at www.cdc.gov, or your local health department website.
